To all the people who from anywhere in the world with their daily actions help to create a world free of oppression:

Today we approach you to share the dream we are building.

As we shared in the [video](#), the Mexican Sanctuaries; Huerta Vida Digna and Granjita TyH have decided to take care of themselves, accompany each other - as they have been doing in recent years - but now at the same place.

Granjita TyH in the last 12 years has:

- Sheltered 350 animals and promoted more than 100 dog and cat adoptions.
- Collaborated with 30 national and international organizations.
- Created a pedagogy focused on animal respect, designing synergies with educational spaces of different levels, both in Mexico and worldwide.

Huerta Vida Digna in the last 8 years has:

- Sheltered 200 animals.
- Created a natural habitat for its inhabitants, reforesting an area of 26,909.78 mi<sup>2</sup> as well as 161458.66mi<sup>2</sup> for the benefit of the community.
- Practiced methods and systems of self-management and food sovereignty in collaboration and respect with all its inhabitants.

Joining these 20 years of experience and being at the same space will help us to:

- Strengthen the care of all inhabitants.
- Design new habitats that allow them to fully live their animality.
- Seek care and accompaniment for those of us who give our lives and work to this mission, avoiding compassion fatigue in activists, volunteers and Sanctuaries' guardians.
- Compensate other animals by the reappropriation of their territories.

Currently the **land that is in front of Granjita's facilities has been put up for sale**, which means a great opportunity since the inhabitants would own 80729.33 ft<sup>2</sup> more.

This sum of efforts will be of great help to continue providing health care, safety and happiness to the animals, who will greatly benefit from this union.

Being consistent with the animal liberation movement, we turn to you to make possible the acquisition of this land because we know that your help would be a key piece to achieve it.

We appreciate your love and support to continue building a world without animal oppression.

In solidarity,

A world without animal oppression is possible...  
And we are building it!
